Well, if you're feelin' blue and don't know what to do
& if you'd choose to lose those blues then here's some news
Just take your uke to the Hogtown Jam,
it's the best damn Jam, it's the Jam what am
At the Hogtown Jam you can lose your Ukulele Blues

F **D7** **G7**
You can see your friends & make some new ones, too

C **C7** **C** **C7** **F** **A7**
We can strum & sing & play our ol' kazoos

D7
We'll harmonize at the Hogtown Jam,

G7
it's time to stretch out your diaphragm

F **D7** **G7** **C7** **F**
At the Hogtown Jam you can lose your Ukulele Blues
